[illegible] del senso [illegible]
distorto della ragione, et del bisogno, Onde molti [illegible]
[illegible]mente [illegible], [illegible] la potente authorità del Consu[illegible],
ò la gagliarda [illegible] non s'[illegible]. Con [illegible]
prudenza andò [illegible]
[illegible]
[illegible], potessero hauer [illegible] di [illegible]; [illegible]
come è grande la temerità de gli huomini, [illegible]

debiti riverenza. [illegible] non [illegible], et [illegible] mente che con [illegible] figliuoli della perditione [illegible] seduti, [illegible] continuamente [illegible] dell'authore; Però [illegible] S. B.ne in pensiero di communicare con l'Altezza V.ra l'intentione sua santa, acciò sopite con simil unione le difficoltà che potessero cadere sopra l'ubbidienza si valesse utilmente nell'applicatione de' rimedij [illegible] tempo, che in [illegible], et scandalosa altercatione con gravissimo nocumento de gl'infermi, et ~~haurebbe~~ potria potuto facilmente consumare. Così fu data commissione al Nuntio residente presso alla M.ta dell'Imperatore, che ne la ricercasse, et quando ella passava per Italia, ritornando di Spagna, mandò il Conte [illegible] di Portia Cameriero suo, et [illegible] mio, che facesse il medesimo in Firenze; et d'ambidue [illegible] ciò c'haveva desiderato, ciò ch'haveva dall'Altezza V.ra, come da Cath.co Principe [illegible], si compiacque la S.tà sua nel dolore che in lei si discerneva per la diminutione, et perdita della Religione in alcune provincie. Compiti del rammarico, che mostrava per non potersi securamente trattare la redutione di buona parte del paese, s'allegrò [illegible] disposta a conservare se fosse sano, a purgare se fosse infetto il Contado di Goritia con gl'annessi Capitaneati di Gradisca, et Tulmino; si satisfece [illegible] sua, che s'attendesse alla correttione delle persone Religiose, et [illegible]

evidenti

evidenti di pietà, di Zelo, di Religione fece fra se stessa riflessione che le provisioni contra i Laici, non riuscissero [illegible] à tempo opportuno d'una diversa [illegible] conditione se con [illegible]. Con questa risolutione piena, [illegible] de cui fu ricevuto, segno di chi la diede, m'impose S. B.ne con un breve à posta, ch'io m'accingessi à questa impresa, alla quale se bene per il merito che potea ad essa aver congiunto, per l'authorità di chi l'imponeva, per la grandezza di chi consentiva, n'era di subito prontamente mosso, nondimeno ruminando fra me medesimo ciò che per la vicinità delle stanze, m'era alle volte di quel contorno pervenuto all'orecchie, & conoscendomi le difficoltà che s'hanno ne' luoghi ò mai ò di rado visitati, me n'andai à piedi di S. B.ne con intentione di non omettere ragioni & mezzi possibili, perche l'ardentissimo zelo suo fosse disposto ad accommodarsi à quanto che qualche industria, molta vigilanza, infiammato desiderio havesse potuto nella consignata massa operare; Ma fu vana la prudenza mia, poi che assai tosto m'avviddi, non esser punto in quel S.to Prencipe la prudenza della pietà minore, ne in questo potersi desiderare ciò che in questo [illegible] si vede, & si prova dal mondo. Ma quello in che molto grandemente S. B.ne nel discorso suo si compiacque, io sentii [illegible], la consideratione che dovesse questo negotio pieno di mille perplessità essere [illegible], & principalmente da Prencipe nato da Potentissimi, & piissimi Progenitori, accerrimi defensori della Religione, & inimici perpetui a gl'aversarij della fede di Christo; da Prencipe che non meno si gloria della

pietà, che della potenza (con tutto che sia ne' termini del Christianesimo incomparabile) de' suoi maggiori, ne studia meno d'auanzarli nella Christiana professione di quello ch' costi da agguagliarli nelle uittorie, co' ne' trionfi, Da Prencipe à cui non è caro l'impero, ò l'ubbidienza che sia dalla sola religione disgiunta, Da Prencipe pronto à ce[illegible] la uita stessa per racquistare le regioni perse nell'heresie, per conseruare l'illese, accio ci sia parte in che lo spirito suo pienamente si compiaccia, Da Prencipe à cui sono tanto esosi quanto noti gl' inganni de gl' heretici, co' che non meno s' esibirà ardente all' estirpatione d'essi, di quello che sia stato sempre auueduto co' [illegible] nella cognitione delle loro fraudi, Da Prencipe de' Sacri, co' de' riti della Chiesa santa [illegible], a cui è in odio la [illegible] de' costumi, massimamente delle persone dedicate al seruigio di Dio, che aborrisce le usurpationi, le quali all'ordine sacro ~~uessationi~~ [illegible] ~~fatte~~ da ministri [illegible] detesta gl' abusi, che siano nel Sto. Ministerio di reggere le Chiese, co' pascer l'anime, introdotti: Da Prencipe finalmente auido di [illegible] [illegible] [illegible] [illegible] stero la religione, ne lasciare per [illegible] alcuna prouisione à ~~detto~~ piemasione, per cui s'esalti il nome di Dio, si propaghi il Christianesimo, si procuri, co' quasi s' applichi la salute eterna à suoi soggetti. Cotali descrittioni con pijssimo affetto spiegate con [illegible] [illegible], mi [illegible] dar [illegible] [illegible] [illegible] [illegible] d'essere d'ogni nostro secolo, ne [illegible] [illegible] [illegible] coppie di [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] non mi parean i forti, ne mancauo io di dar animo à me medesimo, si che souente [illegible]

licentia de' costumi che assai uulgata s'harrebbe ~~incontrata~~
[illegible] gl' opponersi la candida mente di V. Altezza, la quale
non poteua non abhorrire in persone religiose, et tal [illegible] d'eta
matura, ciò che egli più tosto con merauiglia che con [illegible] de'
suoi hauea ne' più uerdi anni à simile relassatione [illegible]

gione, contrapponendo l'~~inalterabile~~ [illegible] constanza sua con che à di-
mande importune ~~tale~~ di Regioni intiere à confusione d'infinita

ò de gl' huomini ò de' tempi introdotte ~~resistenza~~ inosseruanza nel mio pen-
siero l'intera giustitia sua, la riuerenza che ~~ad~~ ~~essempio~~ [illegible] de'
Prencipi Pij hauea sempre alle sacre [illegible], a i Riti della
Chiesa santa portata, et [illegible] felicissimo anti-
doto à tutti i disordini [illegible], era la risolutione sua gene-
rosa, et [illegible] di porre ogni studio, acciò il perduto, se fia possibile,
si ricuperi, l'infetto si [illegible] et il [illegible] si conserui, et
s'accresca. Così è confirmato [illegible]
[illegible] per me medesimo, [illegible] con
ogni celerità [illegible]
[illegible], beneficio di [illegible] riconoscerlo dal tempo,
poiche da me con [illegible] non sarebbe stato gio-
ciato, [illegible] principio [illegible] che essendo
[illegible] capo di [illegible] uedute,
ma superiore à molte Principali d'Italia, doueua' essere peri-
menti la [illegible]; ne [illegible] il dubbio che
[illegible] non [illegible] corso di negotio pieno c'hauesse
così duro principio quanto era la speranza che [illegible]
difficoltà se ben con istenti, et sudori in gran [illegible]
potessero [illegible]; et [illegible]
ueramente [illegible] difficoltà, che non dependeano

tanto dalla volontà di que' S.ri [illegible] licentiosa
mente, quanto per essere state prima [illegible], [illegible]
[illegible] le materie, le quali co'l lungo [illegible] di [illegible]
[illegible] de gl' huomini si [illegible] che riescono [illegible], ne
vi mancava chi per haver impedito già questo corso, per
non parere inconstante, si [illegible] stava nell' [illegible]
ma finalmente bisognò che s' [illegible], et io passando
dalla [illegible] alla quale si premetteva sempre, et per far [illegible] la
nobiltà de gl' animi loro, che per instinto [illegible]
risce la forza, come per esshibirle occasione di meritare,
facendo con la [illegible] la volontà, è [illegible]
cominciai à publicar la riforma, nella quale la dottrina alle
due parti in che si divide la professione de' Religiosi, che
sono la dottrina, et la bontà della vita così si levò [illegible] che
di [illegible] per depravata consuetudine [illegible]
conversationi, [illegible] di donne inhoneste, de giuochi,
de caccie, la licenza nell' habito, la relassatione della [illegible],
lo star otiosi in Chiese, la moltiplicità de' beneficij con poco ò
niuno servitio, la vita tutta più tosto di huomini che vivono
al secolo, che di Religiosi dedicati al [illegible] servitio di Dio,
et si statuirono le propositioni, gl' [illegible] che
sono tutte decisioni de' sacri Concilij, et specialmente del
Tridentino, co'l lume chiaro del quale si sono [illegible]
cavate l'intiere Diocesi d' oscure tenebre; et poiche si
producono le determinationi che sono state approvate dalla S.ta di N. S.re
chiariute, non mi stenderò in discorrere sopra ciascuna si
[illegible] feci allhora in modo che gl' istessi Canonici illuminati
da Dio, sospinti dalla bontà della natura loro, et convinti
(come confessorono) dalle ragioni addotte, non solamente
non [illegible], ma [illegible] in publico [illegible], che si

mettesse

accettauano, che le giudicauano [illegible] ~~et buone~~, et che s'obligauano spontaneamente et [illegible] alla osseruanza di esse; [illegible] Ne posso già io dubitare che non bastino ad introdurre in [illegible] con [illegible] di tutto il paese una buona riforma, se saranno [illegible] osseruate, [illegible] dipendere (se [illegible]) dalla benigna, et gratiosa volontà di V. Ser.ma Altezza.

Le [illegible] concessioni che s'introducono (come conviene) l'esercitio della giurisditione ~~[illegible]~~ verrà à porui un [illegible] che insistendo, et [illegible] attendere à queste [illegible] esecutione, et con l'admissione [illegible] del foro Ecclesiastico per la ~~persona del giudice~~ Ecclesiastico [illegible] [illegible] che già certi anni [illegible] opprime ~~[illegible]~~, poiche non potendo per ordine di V. Ser.tà ridursi al Tribunale del Vicario, ò ~~[illegible]~~ da' laici giudicate, ò [illegible] impedite, [illegible] [illegible] restano [illegible], et certo Ser.mo Principe, [illegible] el giorno d'oggi ha creduto alcuno potersi [illegible] ~~[illegible]~~ persone [illegible] persone laice, per non essere [illegible] in [illegible] cose à i laici afferenti. [illegible] però non so vedere come fosse [illegible] vero poiche sono [illegible], et quando [illegible], saranno in necessità d'ordinarsi, devono [illegible] di prima, et credere che l'officio non solamente del giudice, ma del Principe Temporale non sia [illegible] nelle cose pertinenti à Religiosi, quando è come in sussidio, et [illegible] ricercato per reprimere l'insolentia de' [illegible] che voluntariamente per certa [illegible] dell'esercitio [illegible] declina l'Ecclesiastico; però non mancano l'auttorità di Dotti, che distinguono queste potestà, dando à quelli l'administratione, l'esecutione delle leggi publiche, à questi ciò che s'aspetta al [illegible] [illegible], in tanto che si trouò [illegible] l'affirmare [illegible] la [illegible], che [illegible] potersi [illegible] [illegible] [illegible] [illegible] . – [illegible]

a' Prencipe s'hanno ad alegare essempij de suoi simili, non debbo
tacere essere stato costume d' Imperatori buoni, ciò[?] conoscere,
approbare, et fauorire cotal sentenza; è noto il fatto egregio di
Constantino Magno nel Concilio Africano, ~~che~~ non volle accettare non
che giudicare l'accuse offertele de' Religiosi, si è di Theodosio
che nell' Ephesino ricusò con tutta l'instantia che [illegible]
da Donatisti di giudicare Ceciliano; ne men santa, et pia
intentione mostrò Theodorico nel Romano, quando protestò
di non hauer essere fuor che sonno[?] [illegible], ne' maneggi
de' Religiosi [illegible]; così fecero Basilio così Valentiniano,
et altri; ne in questo è stata sin ne tempi antichissimi oscura
la volontà di Dio, poiche già percosso [illegible] Re fu gli[?] [illegible]
di lepra, per hauersi usurpato l'offitio de' sacerdoti, si[?] [illegible]
è hor noto, et legge, et [illegible], et sacrificio esser questo di noi
molto piu prestante, et eccellente, che non fu il giudaico, et [illegible]
ciò che non [illegible] [illegible] si debba intendere de gli adduti[?] [illegible]
della Religione, a' che pare che principalmente [illegible]
Imperatori miravano, si può soggiungere ch'è priuilegio, et
questo per parere de' dotti fondato in iure Diuino, che i Religiosi
non possino essere [illegible] giudice secolare conueniuti, a che
forsi mirò Gelasio Pont. quando disse che chi toglieua il
suo foro all' Ecclesiastico subuertiua le humane, et le diuine
[illegible], ne da questa [illegible] sono stati gl' Imperatori con
le loro sanctioni lontani, come si può vedere in mille luoghi ~~[illegible]~~
~~[illegible] d'Episcopi, et Chierici~~ {a onde a' graui pene sog-
giace il Magistrato da cui si fatta determinatione dipende,
per Decreto di Marcello Pont. ne però si può dire, che
sia la ragione Canonica bastevole, perche se i secolari non
permette nelle [illegible] il giudice Ecclesiastico, [illegible]
mente deue a gli Ecclesiastici inhibire il secolare: ne debbo io
starmi ad estendere sopra la conuenientia di questa decisione

quanto sia ispediente che si levi questa separatione di foro, questa
riuerenza dell'ordine, questo rispetto di persone, le quali [illegible]
che sono aprono la strada al dispreggio che non stà in questo es

poi segue la declinatione [illegible] della Religione, et benche es

legia / Ma piu harrei io voluto da ministri, l'astenersi da gli
impedimenti che spesso prestano i mandati, et benche non V.ra Sede
Apostolica, se et dal rumor sparso, et dalle importanze delle cose non
havessi inteso, et congietturato che ci sia particolare commissione
della V.ra Ser.tà alla quale senza penetrare i rispetti suoi
ch'io mi persuado esser potentissimi, non devo tacere, che
Prencipi grandi piu hanno essaltato il suo nome, piu propalata
la grandezza dell'animo, piu dilatata la potestà con l'esatta
ubidienza, che con la gagliarda o debole resistenza fatta à
questa sant.ma Sede, à cui la riverenza suprema fra mortali
si deve / Resta un'altro gravame, che se bene è in materia
di minor consideratione che è l'utile, non è però di poco mo-
mento per quello che con lunghezza di tempo può partorire;
et questo è Ser.mo Prencipe l'impositioni che s'assegnano alli

à distribuire fra residenti, sopra che m'occorre dirle, che

Le gratiose collationi, che si fanno da V. ordinatione del Concilio, in chi dee essere alla cura dell'anime
proposto si richiede; et se beneficendo io argomento dal zelo
della V.ra Ser.tà ho creduto che cotale mandato senò non habbia
d'altro havuto origine che dal volere mantenere nel suo vigore
il ius patronatus, et che non escluda quella inquisitione che si dà
alla deputatione d'un tanto governo, nondimeno perche per
antico uso è sopra fatto dalla riverenza l'essercitio Pastorale,
sarà uffitio del ~~l'infinita Santità sua~~ molto Zelo suo aggiungervi quattro sole
parole, per le quali si comprenda che in quelli vuole la col-
latione sua haver luoco, che essaminati meriteranno d'havere
l'approbatione; è dimanda questa honestissima, che concerne
il buon governo di quell'anime, per le quali è morto il
Figliuolo di Dio, è facilissima che un solo verso l'adempie,
et è al s.to proponimento di V.ra Altezza conformissima, et
nondimeno è d'inestimabile utilità, perchè è potentissimo; et
quasi solo rimedio di purgare la religione ove è guasta; di
levare lo scandolo ove è introdotto; Io non voglio estendermi
in mostrare quanto sia grande il bisogno di questa provisione,
come si sia aperta gran strada all'ignoranza, all'otio, al lusso,
per non contaminare la candida mente sua; Basterà dire
che in alcuni non v'è capacità per intendere le più minute
cose che sono nella religione nostra, et nondimeno hanno
carico d'insegnare le più ardue à gli altri, che i contadini
istessi si lamentano della rozzezza de suoi pastori, che si
mostrano ludibrio dell'ordine, con questa ogni sorte di persone
delusa, mentre che gl'intelligenti non si cibano, i tristi
non si riducono, i semplici non si instruiscono, i cattivi non
si emendano, i buoni languono, et gl'heretici soli per la
confusione de' Catholici triomphano. Che scarica Ser.mo

Prencipe in tutto la conscientia del collatore la mente sua buona, per che s'è vero ciò c'hanno scritto i Dottori sacri, niuna cosa è di maggior consideratione, che il preporre persona al governo degl' huomini nell' administratione delle cose sacre, il quale come ufficio più degno dell' angelica purità, che dell' humana fragilità ricerca qualità che s' approssimino quanto comporta l' infermo stato di qua giù à quella somma intelligentia, à quel candore de' beati spiriti. Però è consiglio de' buoni che maturamente in caso simile si consulti, et dopò molto discorso intorno à convenienti qualità si risolva di che non si sono i padri nel Concilio Trid: contentati, ma hanno comandato procurando in ciò meravigliosamente lo servitio de collatori, che si proponghi l'editto delle Chiese vacanti, et si dieno i benefitij per concorso, parendoli che fosse spetie d'errore, dare à degni quando si potea trovar meno di conferire à più degni; Ma egli questa esatta diligentia propria de' Vescovi, et basti à V. Altezza occupatissima in gravissime cure, di mostrare l' auttorità, et beneficientia sua con la collatione, rimettendo all' ordinario quella indagatione, che possi scaricare in tutto la sua conscientia, provedere sufficientemente al bisogno de' soggetti, et incaminare il governo delle chiese, et administratione de' sacramenti, si fattamente che cessi la mormoratione, et scandolo, et ritorni s' è possibile l' uso dell' antica riverenza all' ordine ecclesiastico, devutoli, spetialmente quando non sene mostri indegno, per le dottrine, et per [illegible] [illegible] medesimo [illegible] [illegible] [illegible] doveransi aggiungere il comandamento [illegible] de [illegible], che non entrino senza approvatione dell' ordinario [illegible], poi ch' essi [illegible] [illegible] conformi [illegible] loro, se non essendo tali l' inducano à fare ciò che [illegible] come dependenti, [illegible] [illegible]

far le collationi in persone degne, non sarà fuor di proposito
accennare ciò ch'io credo douere essere ispediente per conseruarle
buone, il che non ~~sarà~~ sarà difficile da conoscere quando sia scoperta
l'infirmità principale; Hanno i curati, et chierici del contado
di Gorizia, che poi è emanato ne' contorni un Priuilegio,

sacramenti, et la purità che si ricerca in chi è tenuto ad
interporsi come mediatore fra Dio eterno, et gl'huomini;
Ma sia à cotali contaminati la pena di sì graue fallo, la
dannatione perpetua; certo per beneficio uniuersale deesi
leuare un'abuso tale che dà occasione à que' miseri in-
giucati moltiplicarsi in quella stirpe che come dice Agostino
santo, se ben nasce talhora [illegible] de progenitori,
nata nondimeno che è necessità [illegible] ad [illegible],

di condescendere à simoniaca collatione de' sacramenti, dalla quale giunta alla fiedezza di questo secolo dipende l'estintione della deuotione, la mercantia che disdice tanto ne' Religiosi, et finalmente mille contratti illeciti, non pur à chierici, ma à chi fa professione di Christiano; So ad infirmità si peri colosa, et d'ogn'intorno à guisa di contagione diuolgata, hò cercato d'applicare i rimedij che non solamente bastino à leuare l'infirmità, ma che come difensiuo sij potente à resistere che non ritorni, et ciò è stato pur [illegible] à proportione [illegible] [illegible] mente di pene pecuniarie d'esser applicate da rappresentanti [illegible] da rappresentanti di V. Altezza [illegible] di V. Altezza simil osseruanza non le starò à spiegare i Priuileggi del Celibato, quanto sij à proposito per accostarsi à gl'Angeli, quanto faciliti la contemplatione, [illegible] i [illegible] l'huomo da terra al Cielo, dal mondo à Dio, [illegible] questa uerità non solo inculcata [illegible] [illegible] frequenti scritti de' Dottori sacri, ma conosciuta, et predicata da Philosophi antichi, come da

Platone

Platone che disse niuna cosa esser di più impedimento per arrivare alla visione di Dio, che gli appiaceri carnali, Da Pithagora che desiderò il corpo casto, et l'habito bianco in chi havesse à lodare Dio, da Persi illustri, ò Gimnosophisti che fossero, i quali non permettevano il comertio con le Donne à sacerdoti c'havevano carico de essere assidui in Chiesa, et considerare i moti delle stelle, co'l corso perpetuo de' Cieli, ~~in modo che i poeti stessi nelle moralità loro~~ hanno spesso ricercata, et comendata questa impollutta sorte di vita;

Nella legge vecchia poi con tutto che infinite cose più torto siano ad intendersi per la dispensatione de' tempi, che imitarle, nondimeno leggesi non esser stato lecito à David co' i suoi in estrema necessità mangiare i pani della propositione, se prima non erano conosciuti per tali, che fossero astenuti dalle Donne, che S. Hiero.mo intende le loro mogli, per ispatio di tre giorni; ma se tanta astinentia si doveva alla figura, all'ombra, quale crediamo che sia necessaria al figurato, al corpo; Basti à pensare che si tratta il figliuolo di Dio, quello stesso, che su'l legno della Croce, co'l sangue proprio lavò i peccati del mondo con le mani, ove è la Divinità, ove assistono gli Angeli, che non sarà necessario supplicare à S. Altezza per procurare grattia purità, che da fragili peccatori più à si santo, et tremendo ministerio esser esibito; et la continentia veramente dono di Dio come vogliono i Teologi, come vogliamo noi per diverse ragioni; ma siamo certi che si dà à chi lo dimanda, à chi lo vuole, à chi travaglia per ottenerlo, ne può esser dubio, ne se per noi non manca, non siamo tutti ...

di carne, di senso, del mondo, del demonio, dalla potente mano di Dio superate, sono in molti luochi scritti i modi potentissimi per prepararsi, per mantenersi, à quelli ascendino, in quelli si fissino, che sarà declinare da molti altri scandalosi costumi di crapule, d'ebrietà, et ciò che hora esclamano impossibile, ritroueranno fattibile, anzi ciò che gli par duro, con la buona consuetudine gli riuscirà leggiero, et soaue, abrogasi quel Privilegio come radice da cui pullulano perpetui disordini, commandisi l'essecutione de' mandati, poiche non suonano altro che concetti molte uolte dallo spirito santo per bocca d'amici di Dio intimato à mortali per beneficio loro; Mundamini qui fertis uasa Dñi, estote sancti, quia sanctus ego sum, Dñs Deus l'ester. ~

Sono tutti i sopradiscorsi Ser.mo Prencipe di grandissima consideratione, poiche riguardano alla reparatione del culto diuino, della riforma de' costumi, dell'edificatione de' popoli; ma importantissimo è quello che seguendo in ordine del tempo, et del corso è però principalissimo nell'intentione di V. S. Ser.ma [illegible] come mi rendo sicuro, non hauerà altro luoco nella mente di V. Altezza. È questo il modo di conseruar la religione, ne non vi penetrata l'heretica malignità, di purgarla oue sia è appresa, ouero (il che Dio non uoglia) radicata. Ma prima dee crere questo supposito facilmente da ogn'uno in cui sia scintilla di ragione concesso, che la Religione è il supremo bene de' mortali, di modo che niuna natione fu mai che non hauendola dal Cielo (il che ai soli Fedeli, cioè à noi è auenuto) non procurasse di formarsela in terra; [illegible] ogn'uno facilmente creder questo potentissimo modo d'introdurne,

et don

et dar perfettione alle virtù, di far un'indissolubile legatura, et
del genere humano fra se medesimo, et di quello co'l suo
fattore: però osserviamo in tutti i governi buoni essere in
principalissima consideratione tenuta la conservatione del
Divino culto, et spetialmente presso ai Romani, i quali come
chiaramente mostrano l'historie hebbero fermissima opi-
nione, et continuata co'l corso della Rep.ca esser la religione
gran mezzo per acquistare, per dilatare, per conservare l'
Imperio; la onde non solamente i scrittori sacri, che altro
si può dire non trattano, ma i Philosophi stessi diedero per
consiglio al Prencipe che conservasse ~~isquisitamente~~ il
culto Divino, aggiungendovi, che oltra ~~il beneficio~~ che [illegible]
ne conseguirebbe per se stesso, l'indurrebbe anco in vene-
[illegible]
ratione presso a gl'altri, ~~sì che non gli osarebbe resistere~~ [illegible]
[illegible] per riverenza della religione [illegible]
suoi commandamenti, temendo della Divina protettione,
della quale l'argomentano ~~per~~ riverenza della religione
non indegno. Fu questo salutare, et santo ricordo, al
quale haverebbe ogn'uno consentito, se quello che di pio in
esso, tanto fosse stato di fermo et saldo nella proposta
materia, ma sendo ella molto incerta, et varia sì che i
medesimi consultori tal'hora erano più per timore (il che leg-
giamo di Platone, et d'altri) che per intima devotione osserva-
tori, ne mancò della sua base il consiglio, come non fu
di comparatione il mancamento indegno. Ma noi che d'alto
siamo illuminati della verità non dobbiamo havere titubba-
tione in parte alcuna, et massimamente, che i potenti et rettori
dei Popoli hanno havuta dotta di Dio eterno in mandati ciò
che la Natura stessa non osava interpretare, et ministra [illegible]

la felicità vera à soggetti; et io forsi troppo m'allungo
in discorso non necessario massimamente con V. Serenissima
Altezza, che ne' costumi, nelle parole, ne' gesti, in tutto il
corso della sua vita ha meglio impresso con admiratione delle
sue prouincie questo alto pensiero del cuor suo, ch'io non
basto con le parole, et forse non senza angustia del suo

Hora commosso dall'importanza della Religione piu volontieri
passerei al discorso del modo con che potesse difendersi; et mi
rendo securo che come mi sarebbe maggiore questo diletto di V. S. Altezza
così u' interuerrebbe con grandissimo gusto la mente di V. Serenità.
Ma non è questa materia di trattare in secolo calamitoso,
come è il nostro, troppo s'è allargato il male, troppo
hanno preualso gli errori, in modo che la preseruatiua per
qualche parte, et la curatiua sola per l'altra nel Christianesimo

da esercitare christiano: et voglia Iddio Ser.mo Prencipe che non ci fossero dell'infette provincie, che ò non conoscendo la grandezza dell'infermità loro, come accecate dalla contratta consuetudine, ò desperando per suggestione del demonio della propria salute, non rifiutassero anzi non bevessero antidoti et rimedii che con ansietà christiana senza risparmio di fatiche, et di stenti s'apprestarono dal veramente Pio N. S.re; Peroche hoggi vederebbono in consulta tanti suoi vassalli, che essendo per la vicina contagione facilmente infetti, danno al christianissimo affetto suo continue angustie, [illegible] infinitamente la comune perditione di tanti paesi il gusto, et la dolcezza che sentono gl'animi eccelsi nel regnare: Ma per hora cessi 'l ragionare de gl'altri, et sia la mente, et il discorso nostro intorno al Contado di Goritia, et Capitaniato di [Disact] Tolmino regione picciola, se a gl'ampli giri del dominio, et dell'animo di V. contra i Prencipi, et finalmente è ciò fosse la malitia consumata i Prencipi contra l'Imperadore; et è meraviglia, che se la fede Catholica hà proprietà di unire i divisi; la heresia per essential qualità l'habbia di disgiungere i congiunti, il che non si fà ò non si perpetua senza sanguinose seditioni.

Ma poco dice chi afferma che è l'heresia fomento [illegible] contra la seditione, se non v'aggiunge che sarà sopra l'altre pessima, et detestanda, et la ragione è che il promottore è l'inimico del genere humano, il principio l'estintione della charità verso il prossimo, et il fine l'abolitione della divina legge, i mezzi le bestemmie, le rapine, la crudeltà, le calunnie, l'uccisioni, e i sacrilegij, le quali multiplicano in estremo, non essendo da i soli Catholici, ma fra se medesimi [illegible], et fieramente [illegible], percioche non [illegible] la quale moltitudine, in cui è un cuore, et un'anima, che gonfia del proprio sapere, studia ogn'uno con l'ingegno [illegible] di qualche eminenza d'apparire non dipendente, ma capo, et autore, è principe molto nella setta: così vedemmo dall'errore di Arrio uscir [illegible] in altri Macedonio, Aetio, [illegible], Aetio, Apollinari, et molti; [illegible] [illegible] [illegible] Romani, et [illegible], così [illegible] [illegible] anni, [illegible]; così da Luthero tante altre sette che si raccolgono dal conflitto che fanno insieme con [illegible] Zuinglio, Ecolampadio, Carlostadio, [illegible] [illegible] [illegible] anzi [illegible] [illegible] [illegible] altre; permettendo [illegible] [illegible] per confusione di essi, [illegible] [illegible], [illegible] [illegible] il detto del Propheta, che in nome suo esclamò, farò correr gl'[illegible] [illegible] [illegible]; [illegible] [illegible] [illegible] di divino beneficio [illegible] [illegible] [illegible] ne' [illegible] [illegible].

Altezza non S.re hà la potestà, et consequentemente è ministro di Dio, per vendicare le cose male, et fomentare le buone, caso che di rado avverrebbe, se l'ecclesiastico mandato havesse l'ubbidienza, ma comportando l'humanità, fragilità, ò malitia che non prevaglia l'Imperio spirituale, usa la Chiesa S.ta di muovere l'altro suo braccio, che da potentati dee essere essercitato, essendo per dispensatione Divina ordinato che il celeste Regno sia dal terreno aiutato, et quasi si può dire perfetto, Però la S.tà di N. Il secondo sarà che niuno ardisca far prediche nelle case à per sone per simil effetto congregate, ò alle proprie famiglie, et sarà giustissimo, et molto fundato commandamento. La predicatione della parola di Dio Ser.mo Prencipe è ministerio della chiesa sua necessario, sendo la fede ex auditu, auditus autem per uerbum Dei, ma come importantissima, sì che senza quella non può ben uiuere l'huomo Christiano, per esser scritto, che non del solo pane l'huomo uiue, ma d'ogni parola che procede dalla bocca di Dio, non s'hà senza distintione à ciascuno ad essercitare, et così dice il uero Paolo Apostolo doppo hauer considerate uarie sorti di gratie dice, che come le membra humane non hanno il medesimo atto, così in questo mistico corpo della Chiesa, non douea hauer ogn'uno l'istesse fattioni; però essendo essercitio de' Dottori la predicatione, ad essi solamente dee commettersi, à che mirò S. [illegible] negligentemente trascorsi, tanto per l'avenire più seriosamente deono esser osservati, et eseguiti, et spetialmente nella terra et Contado di Gortia [illegible] s'è trovato chi conduce heretici per conferire i sacramenti in altra maniera di quello c'ha ordinato, et costumato la S.ta Chiesa [illegible] memoria di tutti i secoli, et certo è strana cosa il sentire che il S.r N.ro comandi ai suoi ch'escano dalla casa, dalla Città, ove non sarà udita la dottrina sua, che scuotino la polvere che si fosse ai piedi attaccata, et vedere poi chi con tanto studio, con tanto dispendio per [illegible] cerchi d'introdurre nelle [illegible] case [illegible] et cosa; Che Giovanni vieti di riceverne in casa, [illegible] ragionar con [illegible], et che non manchi chi con premii, con [illegible], con conditioni [illegible] ragioni humane [illegible] con pazza ostinatione resiste alla verità, sovverte i riti antichi et consueti, l'humane, et le divine leggi, Che Osea propheta [illegible] i sacrificii [illegible] a guisa di pane del dolore, [illegible] [illegible] chi ne participa, et che ci sia chi [illegible] incontri l'occasioni di macchiarsi; Et [illegible] fusione nasce da si fatto ardimento il disseminatore di occasione d'[illegible] nello errore da cui vede [illegible] la riputatione sua, gli altri s'allettano ad essere [illegible] della [illegible] di [illegible] vestite [illegible] i semplici [illegible] vedendo con tante [illegible] et opere [illegible] per effetto, che si potrà di presente se'a [illegible] i ministri [illegible] quello ch'è il ministerio spirituale, l'autorità de' superiori ecclesiastici, come tentatori [illegible] mentre della heretica [illegible] che non [illegible] speculative alle [illegible] [illegible].

Chiesa, che come habbiamo nel Concilio Tridentino non admette simili connubii, determinatasi nel Lateranense che si permettino, solo in caso che siano d'animo di uiuere catholicamente, il medesimo si statuì nel Laodicense, et Carthaginense terzo, i quali se fecero tanto rumore sopra il contratto assolutamente, che necessario [illegible] per detestatione ai si [illegible], et [illegible] remuova conces sione se l'hauessero giudicata; ma anzi ci diceró prohibendo i connubii, anzi ci aprirono il senso della Chiesa, per hauere in abo minatione la licentia di [illegible] [illegible], la [illegible] della quale tanto piu dee essere l'Altezza Vostra ani mata, quanto che non può in modo alcuno subsistere; et la causa è che la Chiesa hà una certa regola, à cui come ad infallibile misura, tutte le cose che si credono deonsi riferire; à questa si lega il Prencipe Christiano non solamente facendo d'essa professione, ma (se uuol seguire ciò che è tenuto) conseruan dola illesa da gl'inimici, sì che non permetta niuna particolar leuarsi ò innouarsi che da Christo, d'Apostoli, successori, et concilii essa riceue; che [illegible] si conchiude non essere in potestà di Prencipe [illegible] [illegible] che [illegible] [illegible], ne sendo di quella libertà, [illegible] la [illegible], ò l'educatione trasportata; et se ciò non può cadere nel Prencipe, molto meno [illegible] subsistenza nel priuato, che nella propria casa [illegible] tiene certa ombra, ò imagine di signoria, in quanto ne propo [illegible] [illegible] col Principato, [illegible] sentendosi [illegible], et infiacchire per le corruttioni dell'heretica insolentia, che nascono ne gli [illegible] [illegible], può et dee giustamente come d'[illegible] che [illegible], di [illegible] che si sia procurato, d'estermin[illegible] ò che si sia [illegible] [illegible].
